## Health About Gone

Many thousands of  
women suffering from  
womanly trouble, have  
been benefited by the use  
of Cardui, the woman's  
tonic, according to letters  
we receive, similar to this  
one from Mrs. Z. V. Spell,  
of Hayne, N. C. "I could  
not stand on my feet, and  
just suffered terribly,"  
she says. "As my suf-  
fering was so great, and  
he had tried other reme-  
dies, Dr. — had us  
get Cardui. . . I began  
improving, and it cured  
me. I know, and my  
doctor knows, what Car-  
dual did for me, for my  
nerves and health were  
about gone."

### TAKE

## CARDUI

The Woman's Tonic

She writes further: "I  
am in splendid health . . .  
can do my work. I feel I  
owe it to Cardui, for I was  
in dreadful condition." If  
you are nervous, run-  
down and weak, or suffer  
from headache, backache,  
etc., every month, try  
Cardui. Thousands of  
women praise this medi-  
cine for the good it has  
done them, and many  
physicians who have used  
Cardui successfully with  
their women patients, for  
years, endorse this medi-  
cine. Think what it means  
to be in splendid health,  
like Mrs. Spell. Give  
Cardui a trial.

### NATIONAL RUBBER TIRE FILLER SOLVES THE TIRE PROBLEM

THE invention that gives the world its only trouble-proof tire  
with pneumatic resiliency—the perfect substitute for air. This  
Tirefiller takes the place of air, rides as easy, does away with the inner  
tube, doubles the life of the tire, and makes it impossible to have a  
puncture, rimcut or blowout, thus eliminating any loss of time and  
the heavy expense of the upkeep of the car.

This Tirefiller is made of the best quality of rubber, cut in small  
particles and vulcanized together in such a manner as to produce a  
tirefiller that has all the resiliency and easy riding qualities of air;  
that does not harden or get flat and will last indefinitely—much of it  
having been used for the past five years, having run in that time more  
than 40,000 miles and is still in service. When the casings finally  
wear out the filler can be removed and put in new casings, and  
this operation repeated from time to time as often as is necessary  
We GUARANTEE that if

### NATIONAL RUBBER TIREFILLER

is properly confined in the tire, that it will not lose its shape, or flatten  
within one year from date of installation, and we agree to replace free  
of cost all NATIONAL RUBBER TIREFILLER that develops any of  
the above defects.
